HAVEN

Say hello to Haven, an intriguing collection of urban pastels, smart neutrals & distinctive, bold colors.

THE HAVEN COLLECTION

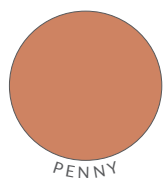

The new Haven collection from Luminor Resin expands the Luminous category with the addition of 31 new colors, ranging from sophisticated neutrals and softly-toned hues to striking, bold colors and deep shades. Inspired by city landscapes and modern living, the Haven palette offers trending, contemporary colors that can be used across applications to construct environments that evoke feelings of calm and serenity within the bustle of metropolitan life.

Haven fully introduces pastels to Luminous, and the inclusion of neutral browns and greys extends the possibilities of the entire color collection.

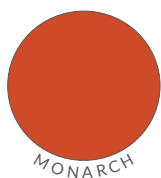

Now featuring an expansive palette of 60 colors plus the unique capability to combine hues and create new colors, the Luminous line represents nearly endless tints, tones, and shades.
