## ILLUME™

### DESCRIPTION

Illume is a translucent light diffusing layer that is applied to the back of Lumicor® panels. Illume helps to spread light evenly across the panel and conceal bulbs and fixtures to create a clean aesthetic.

### MATERIAL PROPERTIES

Property	Illume Film*	Illume Resin
Light Transmission	60%	62%
Resin Options	All	Lumiclear™
Size	47.5" x 96" (1219 x 2438 mm) 47.5" x 120" (1219 x 3048 mm)	48" x 96" (1219 x 2438 mm) 48" x 120" (1219 x 3048 mm)
