

## Resin Add-Ons

**MARKER BOARD™**

Marker Board is a smooth, glossy film that turns any Lumicor panel into a dry erase board. This add-on works with almost any dry erase marker, and can be applied to one or both sides of a panel.

**WITH MARKER BOARD**

Resin Panels become a canvas for writing and drawing

**APPLICATIONS**

Use Marker Board to add function to vertical surfaces like partitions, or mount panels directly to a wall for a traditional dry erase board. Panels with Marker Board are ideal for:

- Offices, workspaces, and meeting rooms
- Classrooms
- Nurses' stations and patient rooms

**RECOMMENDED MARKERS**

Several brands of dry erase markers were tested on Lumicor Marker Board and wiped away after 90 days. The following brands performed excellently and were completely wiped away with light pressure, leaving no ghosting or smearing.

- EXPO® Bold Color
- EXPO® Low Odor
- Quartet® EnduraGlide™
- BIC® Great Erase™
- Crayola®
- Staples®

**SPECIFICATIONS****DÉCORS**

Marker Board may be combined with any Lumicor décor. We recommend light-colored décors such as Stardust, Oyster Linen, and Topography.

**SIZES**

Marker Board may be added to these sheet sizes:

- 48" x 96" (1219 x 2438 mm)
- 48" x 120" (1219 x 3048 mm)

**RESIN COMPATIBILITY**

Marker Board may be applied to one or both sides of Lumiclear and Lumiform.

**GAUGES**

Marker Board may be added to any gauge of Resin Panel and adds .003" (.08 mm) to panel thickness.

**FINISHES & ADD-ONS**

Marker Board is available in a Gloss finish only. Any finish may be specified for the opposite side of the panel.

Take care not to remove film during installation as it is not a protective coating.

**FABRICATION**

Panels with Marker Board may be cut and drilled. **Lumicor must provide all cutting services or warranty is void.**
