

Décors | Natural

Price Group: \$\$\$

Meadow's soft colors and delicate texture are a favorite for soothing interiors. Cultivated and processed locally, flowering grass is cut and dried to become these airy stems.

PATTERN TO SCALE

All natural décors are produced using a hand applied technique. Layout and coverage will vary slightly from sheet to sheet due to the artisan nature of the manufacturing process. Some products use natural materials that can change color over time and will vary in size, shape, color and texture within a single sheet. Colors may vary with harvest season.

To see more images of this décor, visit the [Lumicor website](#).

SUSTAINABLE FEATURE | This décor features a prolific grass that is locally grown in Washington State and harvested by hand.

Not all decors are available in every gauge or sheet size and may vary by resin. Gauge tolerance is $\pm 10\%$. Each color layer adds .010" to the thickness. Colors may differ between the page and the product. For the most accurate color representation, please consult physical samples.

MATERIAL SPECIFICATIONS
