

Resin Add-Ons
REFLECTIVE FINISHES™

Reflective Finishes™ by Lumicor are proprietary reflective surfaces that can be applied to Lumicor panels to add dimension and a sophisticated sparkle to any application.

LUMINOUS COMBINATIONS

Reflective Finishes can be paired with Luminous décors to create additional metallic colors. For the most accurate color representation, please consult physical samples.

SPECIFICATIONS
DÉCORS

Reflective Finishes are available as an add-on to any Lumicor panel. They may be combined with any décor and/or Luminous color.

APPLICATIONS

Use Reflective Finishes for horizontal or vertical surface applications to add dimension to a room or to intensify another Lumicor décor or finish.

SIZES

Reflective Finishes may be added to these sheet sizes:

- 48" x 96" (1219 x 2438 mm)
- 48" x 120" (1219 x 3048 mm)

GAUGES

Reflective Finishes may be added to any Resin Panel intended for interior use, regardless of gauge.

FABRICATION

Panels with Reflective Finishes may be cut and formed. Forming can only be done with the Reflective Finish on the outer curved surface.

OPACITY

Based on approximate amount of light showing through the panel.
